Dear Dave,

The Lord surely sent us the perfect builder. It has been so comforting to know we serve the same Maker. We have been repeatedly astounded by the creativity that you and your team have demonstrated! We couldn't have even dreamt of a house like this. I am sure that we will be in awe of all this beauty for many, many years to come. I hope you can appreciate how grateful we are to you for making this process manageable for us! We came to view all of you as "extended family."

Thank you over and over again, Sharon

All the planning, all the drawing changes, all the discussions, all the hard work, all the changes, all the beauty, all the upgrades, all the surprises, all from God as a sweet blessing poured out upon me and my family. We are in awe of all of it. Thank you for being His instrument.
